

Statutory Redundancy Pay Table

To calculate the number of weeks redundancy pay, cross reference the person's age and years of service and then multiply that number by the weekly salary (current maximum weekly salary is £479 which will rise in 2017). E.g. a person with a salary of £300 aged 21 with 4 years of service will be entitled to two weeks salary e.g. a total redundancy of £600.

Statutory redundancy pay table

Age	Service (Years)																			
	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

17* -The table starts at age 17, as it is possible for a 17 year old to have 2 years' service. Compulsory school leaving age can be 15^{3/4} or 15^{4/5} where a child is 16 before 1 September. Care should be taken when calculating an individual's redundancy pay when they joined as an employee below the age of 16.

61* -The table stops at age 61 because for employees age 61 and over, the payment remains the same.
